**Book an appointment today**

\*All ACUVUE® Contact Lenses have UV Blocking to help provide protection against transmission of harmful UV radiation to the cornea and into the eye. UV absorbing contact lenses are NOT substitutes for protective UV absorbing eyewear such as UV absorbing goggles or sunglasses because they do not completely cover the eye and surrounding area. You should continue to use UV absorbing eyewear as directed by your Eye Care Professional.

†Professional consultation and fitting fees may apply and are not included. For T&C's visit <https://www.acuvue.com/en-gb/terms-conditions/> 18+ only. Only one trial per person.
